“Get to Know Associated Students”: Highlighting One A.S. Member

Vice President of Activities

Madison DeVries has been your Vice President of Activities for the 2020-2021 year, working through these troubling times to keep students engaged and active on campus. She has organized many virtual activities such as monthly

game nights, wellness seminars, and the always fun virtual meeting with llamas. In addition to this, she represents students on campus committees from Safe Return to Campus to Guided Pathways. As a Political Science/German major she has run multiple campus clubs leading the Speech and Debate Club to victory in a local tournament at CSUF and enhancing the German culture on campus through German Club. She describes her reason for participating in Associated Students as:

“It's important to be involved and help people in any way I can and make students experiences better”

Get to Know a Club

If you want to escape student life for one hour, head on over to French Club every 2nd and 4th Thursday of the month between the hours of 3:00-4:00pm. All students are welcome, only requirement: must love all things French. This semester, French Club members were welcomed back by celebrating Mardi Gras, and at the second meeting they learned about French Culture via a riveting virtual team relay race around Paris. They also had a French-ified PowerPoint/Google slide party reviewing things they love about France. At their fourth meeting, members were able to display their artistic talents after learning about French-American sculpturist/artist Niki de St. Phalle. This Thursday, April 8, 2021, Olivier Ngo, Higher Education & French Language Attaché of Consulate General of France in Los Angeles will be visiting. Last year he visited French Club thanks to club President Kennedy DeVries reaching out to the French Consulate. This led to members and French students receiving an invitation to a French Job Fair from the French Embassy. He is returning to provide information regarding teaching in France, learning in France and any questions regarding French culture and education. Members will also have a chance to hear personal experience from Fullerton College French Alumni who are currently teaching English in France on April 22nd. All of the opportunities and more are reasons you should check out French Club! Follow French Club on Instagram @frenchclubfc. Voila!
