Associated Students resolution in support of winter intersession at Fullerton College

WHEREAS, the Associated Students of Fullerton College (Student Senate) expresses the general will of the students to the administration and Board of Trustees and works for the betterment of the students-at-large, which includes short-term and long-term policies that affect professors and instructors; and

WHEREAS, the Faculty Senate agreed to reducing the length of Fall Session by two weeks to make time for a winter intersession; and therefore

WHEREAS, winter recess is currently long enough to facilitate a winter intersession at Fullerton College; and

WHEREAS, students currently travel dozens of miles to attend winter session at Mt. San Antonio College and other community colleges, causing undue financial and time-investment burdens on the students; and

WHEREAS, neither Fullerton College nor Cypress College currently have a winter session for the students of the North Orange County Community College District; and

WHEREAS, the North Orange County Community College District ought provide resources for students to graduate in a timely manner; and

WHEREAS, many universities require mathematics and science sequences to be taken at a single community college; and

WHEREAS, summer and winter intersessions are highly convenient times to complete General-Education (GE) classes; and

WHEREAS, a winter intersession would allow the students of the North Orange County Community College District to graduate and transfer in a more timely manner while still keeping transcripts in a single district; and

Therefore, be it RESOLVED, the Associated Students of Fullerton College recommend that the administration of Fullerton College and the Board of Trustees implement winter intersession and winter online courses at Fullerton College for the good of all students of the North Orange County Community College District.
