B. Fullerton College Mission Goals- Proposal

The following Mission Goal was created by the PRC to be approved by Faculty Senate and PAC: "The campus will provide support services that facilitate student attainment of their academic, co-curricular, and career goals."

Feedback: It is liked. Gaetje likes the word "attainment".

D. Dotterman wishes that it mentioned how successful FC is at helping students Transfer.

Diehr thinks that they are trying to revolutionize our current goals.

Serrano would like to make it more spicy. She suggests changing "goals" to "endeavors" and provide to "endorse". She also suggests making the change of "the campus will optimally provide". Joe suggests "provide optimal support services" instead.

Joe suggests just expressing the idea that we would like to emphasize that we want to provide quality support services instead of choosing an actual word right now.
