Research, Planning, & Resolutions Committee

Agenda

Wednesday, 9/30/2026 3:00pm-4:00pm, Location: Room 221

For more information visit: as.fullcoll.edu

The duration of this meeting may change to accommodate any actions of the governing body.

Chair: Gabriela Miranda, Email: gmiranda@fullcoll.edu
Vice Chair: Natalia Garibay
Secretary: Natalie Sardisco

CALL TO ORDER:
3:03PM

I. **ROLL CALL:**
The role was taken.

II. **APPROVAL OF MINUTES**
Minutes were approved.

III. **ADOPTION OF AGENDA**
The agenda was adopted.

IV. **PUBLIC COMMENT**

Members of the public may address the A.S. Research, Planning & Resolutions Committee regarding items on the agenda as these items are taken up by the committee. Members of the public wishing to address matters not on the agenda will be invited to do so under "Public Comment" at the beginning of the meeting. Public comment is limited to two minutes per person per item.

Rebecca made a public comment regarding her new club, "The PLAN Club" is a club made to limit/prevent social isolation through events on campus. Sign-up sheet / interest form was made and distributed. Gabriela Miranda (RPR President) made a comment having to do with the student ballot bowl. Charlie Wang Promoting their Project on funding and training staff and students to use trauma kits to aid wounds during the event of an active shooter.

I. **REPORTS (3-4 MINUTES EACH)**

A. **VP of RPR**
Got information to start writing the one pager recommendation.

B. Vice-Chair
Nothing to report.

C. **Secretary**
Agenda and minutes were distributed.

D. **Faculty Advisor**

Happy what they were seeing about viewing that the committee has made good progress within Associative Students getting a student vote with the curriculum committee of Fullerton College.

E. **Director of Student Life and Leadership**
Nothing to report.

II. **OLD BUSINESS**

A. The committee will continue reviewing and prioritize previously brought up through the A.S Kickoff Feedback slips (Discussion and Action, 10 minutes)

Committee Spoke on Issues Following up on the last meeting:

Making more premotions to do with student resources on campus, Advocating for a student representative on the curriculum committee (if not a voice in general), Free Bus passes. Physical bus pass switching to the wave app. Annotating the campus map to make it more readable / promoting signage in the buildings to find certain classes. Third spaces and the promotion of them, as well as study spaces for students. President brought up study lounges found in the student support center. The Committee also voiced concerns for students who take online exams in a focused academic environment on campus (With a test Proctor). Voicing concerns that students don't show up to these resources because they're unaware of them. Committee thought of collaborating with committee of communications to make a series of videos to promote these resources.

B. The Committee will continue consideration of the previously tabled smoking-policy item and develop a research plan regarding current Fullerton College and NOCCCD smoking policies. (Discussion, 20 minutes)

Three weeks ago, Teresa, the director of the Health and Wellness Center, reached out to AS Wanting more clarity on the smoking signage on campuses. The campus smoking policy and signage are much different from the NOCCD policy. She proposes a ban on smoking across the district. The Committee voiced concerns about smoking policies on campus that can have lots of different holes and can be tricky to deal with. The Committee decided that the smoking policies would not be a focus of RPR as of now.

III. **NEW BUSINESS**

i. The committee will discuss and consider changing its regular meeting start time from 3:00PM to 2:30PM. (Discussion and Action, 3 minutes).

The President voiced concerns that executive meetings clash with RPR meetings that take place directly after RPR meetings are over, overall decreasing the efficacy of both meetings. President proposed pushing the meetings back to 2:30pm instead of 3:00pm to give a comfortable cushion in between the meetings that both take place back-to-back in room 221 in the 200 building. There were concerns expressed about RPR Committee members being in classes from 2:30 through 3:00 and missing important potential discussion during RPR meetings. Lateness will be excused. The committee decided it would be best to keep the meetings at 3:00

ii. The committee will identify parking-structure safety concerns and develop questions for Campus Safety regarding current practices, student concerns, reporting procedures, and potential improvements. (Discussion, 10 minutes)

The President of RPR as well as the Faculty Advisor informed the committee on the new parking system that was explained during the last AS senate meeting. The Director of Student Life and Leadership explains to the committee how the new system will alleviate the issues of buying a physical parking permit. President of RPR opened the discussion of what we can ask Campus Safety to do for us when it comes to informing students of the new system. Committee voiced the following; how do students know for sure this new system is not sharing out data, Is the system flock, how are these policies going to be sure that they will be put through, are we able to get a student representative to oversee these decisions, are students able to change the license plate number for this new system (of the two license plates provided through this system). The Committee planned to draft an email to ask for answers about their concerns in writing.

Questions to be included in the email;

What is the company name for who will be implementing the new system? What is the policy on license plate editing as well as license plate deadlines? Is this Flock? Are there regular check-ins we can do with an authority on our campus? Are we able to get a student rep to be integrated? How are parking tickets distributed with the new digital system? How often are students' data going to be deleted? How will tickets be disputed? Are students able to get personal confirmation on the purchase of their parking permit? Will there be a time log to have to do with when students park? How will old people receive this new online parking system? Do we still get out two weeks of grace?

IV. ADJOURNMENT: 4:01PM
